GRIDLEY UNIFIED SCHOOL DISTRICT

2018-2019 UNAUDITED ACTUALS

Presented for adoption on September 18, 2019

Fund Balances and Reserves

"Fund Balance" or "Reserves" represents the excess of resources available (a combination of both prior year reserves and current year revenues) after all expenditures are made. More important than the total reserve is the balance of the individual components. The district's reserves are comprised of:

Restricted Funds:

• <u>Legally Restricted</u>: Many revenue sources are considered entitlements. When the total revenues to which the District is entitled are not expended by the end of the fiscal year, the unspent balance is required to be set aside as restricted fund balance, and re-budgeted and expended in subsequent years.

	2018-2019 Carry Over/Restrict Amounts	
Resource	Program	Amount
Code		
3010	Title I	\$61,327
4035	Title IIA	\$18,191
4128	VAPA	\$1,528
4203	Title III LEP	\$35,754
6300	Lottery Instructional Materials	\$214,457
6387	Career Technical Education Incentive Grant	\$41,975
7311	Classified School Professional Development	\$15,493
7510	Low Performing Students Block Grant	\$128,442
7810	MTSS grant	\$11,806
8150	Routine Restricted Maintenance	\$207,240
	Total	\$736,213

Unrestricted Funds:

- Revolving Cash: This money is set aside in a separate bank account for small emergency cash needs.
- <u>Designated</u>: The administration may recommend that the Board designate amounts for a specific future purpose.
 - Other Assignments: Items that were budgeted in the 2018-2019 year but were not spent that now need to be incorporated in the 2019-2020 budget
 - The replacement portables at Sycamore School \$1,090,000
 - Additional 2% \$526,000
 - Designated for Economic Uncertainties: For a district our size, the state mandates a reserve of 3% of total expenditures.

- Designated for the Unrealized Gains of Investments and Cash in County Treasury. The Government Accounting Standards Board requires governmental agencies to report all investments at the Fair Market Value. Our Cash in County is invested at the discretion of the County Treasurer and is therefore considered an investment. The County determines our portion of the unrealized gain that needs to be recorded for financial statement purposes. This amount is an accounting transaction only and does not reflect actual amounts available for expenditure.
- Other Designations.
 - Special Reserve for Other Than Capital Outlay Projects: Additional 2% reserve as recommended by the Board of Trustees.
- <u>Undesignated</u>: Amount in excess of the additional amount available for future economic uncertainties which was brought forward from 2018-2019. It can be designated for any one-time expenditure, rolled into the additional reserve for economic uncertainties, or designated for any additional purpose.

Reports Included for the Board's Review

Included in this packet are:

Certification: The Board is to certify that the District was able to meet its financial obligations for the 2018-2019 school year and will continue to meet such obligations for the subsequent fiscal year.

Average Daily Attendance: This report summarizes the ADA upon which the District receives funding. Due to increase in ADA the District was funded on the P-2 ADA from 2018-19.

Technical Review Checks: This is an internal check of all reports.

Fund Statements: For the General Fund, the separate pages are presented for restricted, unrestricted and combined funding and a separate report is presented for each fund.

Supplemental Reports: Additional reports that are part of the SACS financial reporting software

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration. Salaries and Benefits - Other General Administration and Centralized Data Processing 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000) 871,339,15 2. Contracted general administrative positions not paid through payroll a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit. Salaries and Benefits - All Other Activities 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 19,182,494.56 Percentage of Plant Services Costs Attributable to General Administration (Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.54%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.
